## PLEADS JUSTIFICATION

Thaw Says White Had Ruined His  
Wife's Life.

## CREATES GREAT STIR

Not Since the Killing, Over Thirty  
Years Ago, of James Fisk, Jr.,  
by Edward Stokes Was  
Such Excitement Seen.

New York, June 27.—Frankly admitting that he killed Stanford White, the famous architect, and pleading in justification of the deed that White had ruined the life of his wife, the beautiful former chorus girl and artist's model, Florence Evelyn Nesbitt, Harry Kendall Thaw of Pittsburgh, brother of the Countess of Yarmouth, occupies a cell in the toms, awaiting the action of the grand jury on a charge of murder. His counsel will offer the defense of insanity. The prisoner was examined by eminent alienists, retained on his behalf, and by the district attorney's office. The coroner's inquest will be held on Thursday, and in all probability the case will then be considered by the grand jury, when the prisoner's wife will be required to appear before that body, she having been served with a subpoena while in consultation with her husband's counsel. Efforts are being made by both sides to expedite the preliminaries so that arraignment and trial may take place at the earliest possible date.

Not since the killing of James Fisk, Jr., by Edward Stokes on the staircase of the Grand Central hotel, more than thirty years ago, has the metropolis been shocked by so startling and dramatic a tragedy as that which was enacted Monday night in the presence of an audience of more than 1,000 persons in the roof theater at Madison Square Garden. Not the least dramatic feature of the tragedy is that Mr. White met his death in the structure which is, perhaps, the most conspicuous memorial of his architectural genius.

The whereabouts of Mrs. Thaw, who disappeared from Madison Square Garden in the confusion that followed the tragedy, remained a mystery until Tuesday afternoon, when, accompanied by a friend, Miss May MacKenzie, she arrived at the offices of Delafield & Longfellow, on Wall street, where she remained in consultation with the counsel for several hours. While there, she was served with a subpoena requiring her attendance before the grand jury.

Lawyer Delafield, who took charge of Thaw's interests immediately after his arrest, announced that the firm of Black, Olcott, Gruber & Bonyunge, of which former Governor Frank S. Black is the senior partner, has been retained to conduct the defense.

Up to Tuesday night the district attorney's office had received no communication from members of Mr. White's family. Mrs. White came in from her former home at St. James, on Long Island, accompanied by her sister, Mrs. Prescott H. Butler, and went to the town house in Gramercy park, where she is now with her son, Lawrence, who came down from Harvard Monday, and parted with his father only an hour or so before the tragedy. Mrs. White was reported to be completely prostrated by shock and grief.

Mr. White's body was removed to the house Tuesday afternoon. The autopsy showed that all three bullets had taken effect, one in the corner of the left eye, which penetrated the brain, and was instantly fatal; one in the upper lip, knocking out several teeth, and one striking the left shoulder, and lodging in the elbow.

Thaw's bearing in the toms was the source of much wonder to the warden, who had charge of him. While he appeared to be in a sort of daze and unable to comprehend his position, his appetite was unimpaired, for he disposed of three substantial meals during the afternoon, and having dined at 6 o'clock, with every appearance of enjoyment, he remarked that he expected to spend a comfortable night.

## AFTER PARLANGE.

Charges Preferred Against United  
States District Judge.

Washington, June 27.—A memorial presenting charges of oppression in office, malfeasance and likewise with general denial of justice against Charles Parlange, district judge of the Eastern district of the United States court of Louisiana, has been received by Speaker Cannon from Francis C. McHan of New Orleans. The memorial sets forth that McHan, because of local prejudice, believed he was denied justice in the state courts in a suit involving property valued at \$50,000. He claimed the right, under the "civil rights act," based on the fourteenth amendment to the constitution, to go into the Federal courts with this suit, and presented a petition to that end to Judge Parlange, making affidavit that he was unable to pay the costs. The memorial charges "that the judge arbitrarily, and in violation of law," refused and prevented the filing of this suit.

## SLEW INTENDED BRIDE

Dreadful Tragedy Takes Place In  
Southwest Texas.

## TERRIBLE SURPRISE

Miss Ernestine Kutzer Shot to Death  
by Young Man Whom She Was  
About to Marry, the Latter  
Wounding Himself.

Comfort, Tex., June 27.—In the presence of the assembled wedding guests, at the home of his intended bride, Joe Reinhart, the man who was to have been married to her, shot and instantly killed Miss Ernestine Kutzer and then shot and probably fatally wounded himself.

The tragedy was as terrible as it was unexpected. The hour for the ceremony was at hand, and the guests who had been bidden to the festival were assembled in the parlor of the home of the bride's father. Young Miss Kutzer and the guests were assembled and drew a pistol from his pocket, leveling it at his sweetheart. She threw up a hand as if to ward off the danger and three shots were fired at her in rapid succession at close range. The first bullet entered her heart, killing her instantly. Reinhart then turned the pistol upon himself and fired two bullets into his own breast. One of them entered the left and the other the right side. He is not expected to survive.

The cause of the tragedy is not known. The relations between the sweethearts have been typical of lovers, and the marriage was expected to be happy. The theory of the neighbors is that the young man was temporarily irresponsible. The families of both parties are among the best in this (Kendall) county, and the young people were highly respected and well liked.

## MRS. W. W. MIKE DEAD.

Passed Away at the Home of Mrs. Mattie Scrimshire Yesterday Morning.

The Eagle regrets to chronicle the death of Mrs. Olga Mike, wife of Mr. W. W. Mike, in this city yesterday morning at 9:30 o'clock at the home of Mr. Mike's sister, Mrs. Mattie Scrimshire. Mrs. Mike had been ill with fever for four weeks. She rallied recently and hopes were entertained that she would recover, but, relapsing, she grew worse until the end came. Mrs. Mike was 26 years, 2 months and 5 days old. She leaves a husband and two children, a boy 4 years old and a girl 2 years old. The sympathy of the community goes out to the bereaved family.

Funeral services will be held this morning at 10 o'clock at the home of Mrs. Scrimshire. Interment at the city cemetery.

Strict Quarantine Regulations to Be Enforced at New Orleans.

New Orleans, June 27.—Warships from suspected yellow fever ports which enter the Mississippi river this summer must submit to the same strict quarantine regulations as any other vessels, according to a decision of the Louisiana state board of health. It was decided that the two French cruisers which are expected here from Cuban ports for the French celebration of the fall of the Bastille July 14 must be fumigated before leaving Cuba and not pass the Mississippi river until six days have elapsed after the fumigation. Failing to do this, they must be fumigated upon arrival at the quarantine station and be at anchor there for six days before coming to New Orleans. This decision was communicated to the French consul here, who said he would at once notify the French embassy at Washington.

The Mexican sloop of war Yucatan, which arrived at the mouth of the Mississippi Tuesday night, has been ordered to be fumigated and will be detained for six days under the same interpretation of quarantine regulations. Several hundred Mexican naval cadets are aboard the vessel.

### COUNTERFEIT BILLS.

Two Men Alleged to Have Them In Shoes and a Necktie.

Salt Lake City, June 27.—While attempting, it is alleged, to pass a counterfeit bill at Murray, two strangers, who gave their names as Edward Honk and Thomas Rowley, arrested by a deputy sheriff and held on a charge of attempting to pass counterfeit money. In the shoes of one man and in the neckties of the other \$1000 in \$5 and \$10 bills, purporting to have been issued by the Merchants and Planters' Bank of Savannah, Ga., were found.

### WITHOUT DEBATE.

House Passes Measure Providing For Lock Type of Canal.

Washington, June 27.—Without debate the house passed the bill providing for the construction of lock type of canal across the Isthmus of Panama. Mr. Hepburn of Iowa, moving that the senate bill be substituted for the house bill, no further action by the senate is necessary, and as soon as the senate bill is signed by the presiding officers of the senate and house it will go to the president.

BRYAN, TEXAS, JUNE 28.

Hood's Texas Brigade met in annual reunion at Somerville yesterday, with Mr. R. A. Brantley of that city as president. The town was elaborately decorated and the old soldiers given a rousing welcome.

Brazos county will never realize a full measure of prosperity until her fruit and truck growing interest is fostered and developed, and this can never be successfully done without the aid of a cannery. One crop and one season for the distribution of money don't make prosperity that will hold up all the year around.

The farmers of Brazos county should attend the Farmers' Congress at College in large numbers. The addresses, papers and deliberations of this body give the results of the observation and experience of many of the most successful men in the state and cannot be otherwise than helpful to all who attend.

Son-in-law Longworth's congressional salary is doubtless going on just the same while he is hobnobbing with royalty in England. While it is probably not large enough to meet the expenses of honeymooning abroad, it will help some, like the official salaries of some of the Texas candidates towards their campaign expenses while neglecting the duties of one office in the effort to secure another one.

The Eagle learns that the effort to rebuild the oil mill in time for this season will not be made, lack of time being given as the cause, but that work on the mill will begin December and it will be ready in ample time for next year's crop. As a matter of course it would have been much better to have the mill built at once, as the present year without it will entail serious loss to the town and county, but a mill next year is the next best thing and will be joyfully welcomed. The Eagle believes that Mr. Grogan and those who may be associated with him in the enterprise will make good on the proposition.

## TO THE PUBLIC.

Having failed to get this issue in my printed platform, I now take this method of placing it before the voters of Brazos County: The old soldiers of the late unpleasant war are now being cared for at the home fixed by law for them, that they may be as pleasant as possible and have the care and attention of efficient nurses in their old age. Yet for the mothers and wives of these noble men, who worked and prayed while they fought, the law has made no provision. Shall Texas allow these old women to die in almshouses and depend on the cold charities of the world? Justice and righteousness answer no! If I am elected the chief aim of my life shall be to urge a bill that will provide for a place for these old women. They have not got long to stay, and I say give them a pleasant place to die if we have to amend the constitution to do it. W. T. YOUNG.

# THE NEW VISIBLE

## At Last a Perfect Visible Typewriter

The One Typewriter That Correctly Solves the Objections That Have Always Heretofore Been Made Against "Front Strike" Machines.

Visible writing has always been considered as desirable by practically all typewriter manufacturers, but the difficulties to be overcome in construction in order to secure durability have discouraged the very large adoption of these machines. The invention of the method of assembling the type bars as it is done in the Fox Visible has, however, made possible the use of a wide pivotal bearing in the type hanger, thus insuring the most perfect alignment at all times and a durability that is equal to that claimed for any "basket type" machine. In building this new model, we have all the advantage of the knowledge that we have gained in building and placing the regular Fox models on the market and we are able to avoid all those experiments found in new machines which are so expensive to the purchaser.

## Here is a Short Description.

**THE TYPE HANGER**—The hanger has a pivot bearing 7-16 of an inch wide. This allows the use of a heavy type bar, providing an adjustable pivot bearing which takes up wear as it occurs, thereby giving a permanent alignment that is impossible to secure with a narrow bearing without adjustment, and avoiding the trouble caused where "forced alignment" is necessary. This is the feature that has heretofore been considered as being impossible to secure in a visible writing typewriter. It is found only in the Fox and places the Fox Visible in a class by itself.

**TWO COLOR RIBBON**—The ribbon movement on this machine is simply perfection. It reverses and oscillates automatically, requiring no attention from the operator from the time it is put on until worn out. When a two color ribbon is used, by simply touching a button on the keyboard the second color is secured instantly without raising the hand or even looking.

**THE INTERCHANGEABLE CARRIAGE**—The carriage is so constructed that it can be quickly removed and a carriage of different length substituted. One machine can be purchased with different sizes of carriages, thereby effecting a great saving over the ordinary method of buying a long carriage machine complete. The carriage is ball bearing and runs with a tension of only 1 lb.

**PERFECT VISIBLE WRITING**—The entire line is visible all the time.

**THE KEY TENSION**—The force required on the part of the operator to print a letter is only 2½ ounces. This is from 25 to 50 per cent. less than any other. It is a vital thing both from the operator's standpoint of less fatigue and the owner's of greater durability.

**THE LINE LOCK**—When the carriage reaches the end of a line, the keys lock and nothing more can be written until the release button is used or the carriage returned to begin a new line.

**ALUMINUM KEY LEVERS**—Key levers are made of aluminum. It is more expensive than steel or wood, but it is very much more desirable.

**TABULATOR**—The Fox ten stop decimal tabulator is attached when ordered, at slight additional expense. It is the only decimal tabulator in use on a visible typewriter.

Every feature on this machine has been tried out and demonstrated as successful on the Regular Models of the Fox. Unprejudiced experts have without hesitation pronounced the machine a marvel.

Ask your nearest typewriter dealer to show you this machine. If he cannot we will make it easy for you.

The regular models of the Fox are still the most perfect machines of their kind and their manufacture will be continued as before.

#### PIONEER JUDGE DEAD.

Prominent Citizen of Oklahoma Has Departed This Life.

Taloga, June 27.—The death has occurred of Judge Orville C. McClung, the first probate judge of Dewey county, and one of the earliest of Oklahoma pioneers. In fact, he was a resident of Cimarron Territory, now Beaver county, when that district was known as "No Man's Land," a number of years before "Old" Oklahoma was opened to settlement in 1889.

#### PECULIAR MISHAP.

Child's Head Caught Between Axle and Tree, and Scalp Torn.

Paris, Tex., June 27.—While the little son of B. D. Jordan was swinging to axle under a buggy, with his feet on the running gear, at his home in West Paris, some of his little playmates backed the buggy against a tree and his head was caught between the tree and axle. His scalp was cut clear across the forehead and was torn back about three inches, laying the skull bare. It required seventeen stitches to sew the scalp back.

WHAT BANKRUPT SAID.

Testifies That Standard Oil Company  
Violated a Contract.

Washington, June 27.—Lawrence S.  
Nicolai, a bankrupt oil merchant of  
this city, in an examination before a  
referee in bankruptcy testified that in  
1895 a contract was made between the  
Standard Oil company and his brother  
and himself, operating in the oil  
business in the firm name of Nicolai  
Bros., to abandon the business. Pre-  
vious to this time for ten years the  
firm had successfully conducted busi-  
ness in opposition to the Standard Oil  
company. An amount was agreed on,  
Mr. Nicolai said, to be paid annually  
for ten years, or until January, 1905,  
when, in the words of the witness,  
"the Standard Oil company turned me  
down and refused to renew arrange-  
ments." Mr. Nicolai throughout the  
examination referred to himself as re-  
ceiving a "pension from the Standard  
Oil company," although he admitted  
the contract was made with his brother  
as well.

After the termination of the con-  
tract Mr. Nicolai resumed the oil busi-  
ness under the name of the National  
Oil company, but was unable to make  
it a success.

JEALOUS INFATUATION.

This Leads a Georgia Farmer to Kill  
a Young Widow.

Atlanta, June 27.—Specials from  
Roswell, Ga., say John A. Grimes, a  
well-to-do farmer, aged twenty-two,  
shot and killed Mrs. Tevie McGinn, a  
young widow, at her home near Ros-  
well, early Wednesday. Jealous in-  
fatuation is said to have been the  
cause. Grimes turned the weapon on  
himself, but inflicted only a slight  
wound. He then made his way to  
Dunwoody, eight miles distant, where  
he gave himself up to the authorities  
and was locked up. He refuses to  
make any statement. There is great  
excitement, and violence is threat-  
ened.

PENNSYLVANIA DEMOCRATS.

State Convention Meets at Harrisburg  
and Platform Praises Bryn.

Harrisburg, June 27.—The Demo-  
cratic convention to nominate can-  
didates for governor, lieutenant gov-  
ernor and auditor general and sec-  
retary of internal affairs assembled here  
Wednesday. National Committeeman  
Guffy, who came here from Pittsburg,  
did not go to the convention. After  
Chairman Donnelly had called the as-  
sembly to order Michael J. Ryan of  
Philadelphia was presented as tem-  
porary chairman. Mr. Ryan said:  
"For generations our citizens have  
permitted control of their affairs to  
be vested in as corrupt a combination  
as ever cursed a free state."

The platform praises W. J. Bryan.

VIOLENT SHOCKS.

They Were Experienced Throughout  
Southern Part of Wales.

Cardiff, Wales, June 27.—Violent  
shocks were experienced throughout  
south Wales at 9:40 o'clock Wednes-  
day morning. Houses rocked and  
many cheaper ones were damaged.  
Hundreds of chimneys fell, pictures  
were shaken from walls, occupants of  
dwellings thrown to the floor and peo-  
ple fled from houses shrieking in pan-  
ic with visions of the San Francisco  
disaster before them. Though there  
were many narrow escapes from fall-  
ing chimneys, there were no casual-  
ties, so far as known. Earthquake  
shocks were also felt at Bristol, Ilfrac-  
ombe and elsewhere. They were ac-  
companied by loud rumblings.

SAFETY APPLIANCE LAW.

Suits For Alleged Violations to Be  
Brought at Once.

Washington, May 27.—Attorney  
General Moody has directed suits to  
be brought against a large number of  
railroad companies to recover pen-  
alties for violation of safety appliance  
law through failure to keep their  
equipment in proper condition. The  
largest number of violations attrib-  
uted to any road is fifty-three against  
the Atlantic Coast Line Railroad com-  
pany.

of Knoxville, Tenn.

Knoxville June 27.—Forty-two offi-  
cials of the new syndicate which owns  
the street railway and electric light-  
ing properties in several southern  
cities met here. The cities represent-  
ed are Nashville, Memphis and Knox-  
ville, Tenn.; Birmingham, Ala.; Hous-  
ton, Tex., and Little Rock, Ark. New  
York representatives of the syndicate  
are also in attendance. The confer-  
ence considered subjects of mutual in-  
terest in conducting the various prop-  
erties.

dated Dublin, the writer says he hopes  
to live to see William J. Bryan presi-  
dent of the United States.

San Francisco, June 27.—The dia-  
mond rings and other personal effects

sie Bouten at Mount Cutler, in Colo-  
rado, were sold in Oakland at public  
auction for \$10,000.

ing a felon cut off of a finger caused  
Louis Gans to die of fright.

rific downpour Wednesday at noon.  
Elm street was a river.

SERVED WITH ORDER.

Paper Enjoining Enforcement of Fare  
Reduction Read to Commission.

Austin, June 27.—Members of the  
railroad commission were Wednesday  
served by Deputy United States Mar-  
shal Lancaster with a copy of the  
temporary restraining order of injunc-  
tion of the Houston and Texas Central  
against the commission, enjoining it  
from putting into effect the order re-  
ducing passenger rates on the Central.  
The commissioners were also com-  
manded to appear before the court at  
a hearing on July 16. Also subpoe-  
naed to appear in court on the first  
Monday in August next, which is the  
regular rule day of Federal court here.

EARNST RETIRES.

He Directed the Harbor Improvements  
on Texas Coast.

Washington, June 27.—Colonel Os-  
wald H. Earnst, of the United States  
corps of engineers retired on Wednes-  
day for age with the rank of brigadier  
general. Colonel Earnst, in 1886, di-  
rected the harbor improvements on  
the Texas coast and inaugurated the  
work which resulted in deepening the  
channel at the entrance of a Galveston  
harbor from twelve to twenty feet. He  
was then assigned to duty in Mexico  
under the state department and served  
on numerous consulting boards.

Colonel Earnst served throughout  
the Spanish war and was in charge of  
the troops at Coamo Aug. 9, 1898. In  
that year he was commissioned brig-  
adier general of volunteers. In 1899  
he was appointed inspector general in  
Cuba.

NEXT DECEMBER.

Treaty Brought About by Algeciras  
Conference Comes Up Then.

Washington, June 27.—The treaty  
between the United States and the  
powers of Europe in relation to Mo-  
rocco, which was negotiated as the re-  
sult of the Algeciras conference, will  
be reported to the senate at the first  
meeting of the foreign relations com-  
mittee next December and be voted on  
not later than Dec. 20. An agreement  
to this effect was reached Wednesday.  
The Democrats are opposed to the  
treaty, and the Republicans of the  
committee are united for it. It was  
apparent that it could not be brought  
to a vote at the present session and  
the Republican members of the com-  
mittee accepted the foregoing pro-  
gramme.

FINISH WORK.

Speaker Cannon Says Adjournment  
Will Not Come Until Then.

Washington, June 27.—Congress will  
stay in session until its work is fin-  
ished. This is the intention of Speak-  
er Cannon and his lieutenants, and  
is being emphasized at this time to  
counteract any impression that the  
pure food bill at least might go over  
until the next session.

There is also trouble on the meat  
inspection bill, and the "tie up" on  
the railroad rate bill indicates delay.  
The immigration bill is also in con-  
ference, as are several of the appro-  
priation bills.

TO BE EXTENDED.

Mexican National Railway Will Go to  
Brownsville, Tex.

City of Mexico, June 27.—It is re-  
ported that the Hidalgo railway, which  
has been acquired by the Mexican Na-  
tional railway, will be extended north-  
ward from Tuxpan, on the Gulf of  
Mexico, to Brownsville, Tex., and  
south to Vera Cruz. The construction  
of the entire coast line will be com-  
paratively easy, the costliest part of  
the work being the bridges.

ALL NEWS CENSORED.

General Toledo, However, Is Known to  
Have Advanced.

City of Mexico, June 27.—All news  
from Guatemala is censored. It is  
known, however, that General Toledo  
and his revolutionary forces have ad-  
vanced into the country without en-  
countering any resistance. A large  
number of government troops have  
deserted to him.

The capture of Ayitla, in northern  
Guatemala by the revolutionists, is  
confirmed.

Along the Mexican border business  
is demoralized. Merchants on both  
sides of the line are afraid the insur-  
gents will capture their goods.

BALDWIN RETIRED.

Commander of the Southwest Divis-  
ion to Leave the Army.

Washington, June 27.—Brigadier  
General Frank D. Baldwin, command-  
ing the Southwestern military division,  
with headquarters at Oklahoma City,  
was placed on the retired list by op-  
eration of the law on account of age.  
The vacancy in the list of brigadier  
generals caused by his retirement will  
be filled by Colonel Walter T. Dug-  
gan, now in command of the First in-  
fantry, in the Philippines.

PRIVATE MUST ATTEND.

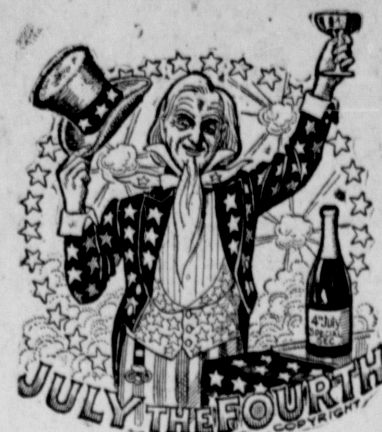

Otherwise, Governor Vardaman Says,  
There Will Be No Bail.

Nashville, June 27.—A Jackson,  
Miss., dispatch says that Governor  
Vardaman has announced to the of-  
ficers of the Mississippi National guard  
that there will be no officers' bail at  
the national encampment at Gulfport  
this summer; that if a bail is given,  
privates must be allowed to attend.  
The officers are making a strong pro-  
test, and declare there will be no free-  
for-all affair.

Thirty-Seven Ordered Closed.

Philadelphia, June 27.—The board of  
health notified the owners of thirty-  
seven slaughter houses in various sec-  
tions of the city to abandon their es-  
tablishments. There are 171 such  
places in the city.
